About Us

Meshu® Labs began developing its first co-work and training space in 2017. Memberships are currently available for the Washington, DC location.

Our Vision

- Create an expanding network of creatives and spaces for Meshu® Lab members and corporate partners
- Enable our network with workspace, work opportunities, technical training, and a community of like-minded individuals
- Ensure that Meshu® Labs becomes a model for sustainability and environmental integration

How to Apply for Membership

Individual Memberships

Currently, all new individual applicants are interviewed to understand if they are a fit for the Meshu® Labs community. To apply for membership, please e-mail customers@meshu.us.

Corporate Memberships

We provide memberships through our corporate partnership program: this enables small to medium sized businesses and non-profit organizations to access product and service discounts, training programs, and our member talent pool. To apply for a corporate membership, please e-mail lball@meshu.us.

Programming and Amenities

Design and Technology

Designed for individuals interested in learning how to develop mobile and web applications. This includes PHP, C#/.NET, CSS, JavaScript, and SQL.

Meshu® Labs WebKit

Access to web tools, self-directed tutorials, and helpdesk support for subscribed services like e-mail and web hosting.

Small Business Operations

Designed for small businesses and non-profits that need technical support, mentoring, and continuity support. This includes business plan development, operations planning, talent management and training, and many more.

Marketplace

An in-house and web-based marketplace for Lab Members and Lab Partners that wish to provide B2B services or gain visibility for commercial products.

Lab Reservations and Day Passes

For special and private events, Meshu® provides fee-based reservations of the entire lab space or day passes, based on schedule availability.

Private Wi-Fi

Large groups that require a Lab Reservation can request a temporary and private Wi-Fi network for the duration of their event.

High-Speed Wi-Fi

Access secure, high-speed wired and wireless internet.

Rare.Ink

Members have access to our attached art gallery, events, and other services.
